Like Brenda, I think it will be easier if we have prepared draft responses that we can go over on Monday. I will take what Brenda has done and build on it.

But not on Saturday or Sunday and maybe not before the meeting. We will see.

I told my sister in Detroit that I had worked 80 hours over 5 and a half days up to December 22 to meet the artificial deadline I was asked to meet and all on my annual leave. She works for General Motors. I expected some sympathy right. She said that was a typical week in industry and one she has done many times.

Good grief.

[That's fine. My intention for Monday was to develop the responses at that time.](#)

Hi Kevin,

I have given a cursory review of R9 comments and Brenda's first "stab" at addressing. I will provide some input. But, I have two sites that I have to get funding planned by Monday for EPA Contractor (as per my Branch's direction) and might not be able to get to this before our gathering on Monday.

Hi Mark and Brenda –

Attached are the follow-up questions from R9 regarding the GW investigation and the listing.

Rather than do full-blown presentations for the webinar, I'd like to just go over each question in order with Region 9 and use Adobe Connect for visuals as necessary. You both have provided multiple presentations and drafts, so I see no need to do so again. Your thoughts?
